

New! IT and Desktop Videos

Login today and take one of Skillsoft's new IT or Desktop Videos. They are quick, easy, and impactful.

We are excited to announce that Skillsoft has released a series of new, short, targeted IT and Desktop videos to support today's business and IT professional. With access to on-demand video support to address skill gaps and/or learn additional desktop technology functionality, this will be 5 minutes of your time well invested!

Search for these topics in Books24x7 via the **'Desktop Videos Topics'** category for instant access, add them to a Personal Folder for easy access in the future. Played off the Books24x7 platform, you can also access these on-the-go from your mobile device or tablet.

Desktop Video Topics

- ✓ Mobile Application Development
 - iOS and Android Application Development
- ✓ Microsoft Access 2010
 - Charts, Pivot Tables and more
- ✓ Microsoft Excel 2010
 - Lookups, Functions and more
- ✓ Microsoft Outlook 2010
 - Contact Groups, Rules and more
- ✓ Microsoft PowerPoint 2010
 - Graphics, tables, video/audio and more
- ✓ Microsoft Word 2010
 - Building Blocks and charts

In just five minutes, you can:

- Add zing to your presentations with video or audio
- V-lookup - fast
- Create Pivot Tables for reporting
- Build mobile apps to support your business
- Manage your Outlook tools to improve productivity
